CHOLERA. A sure Remedy—a Preventive—a Cure!

The following letter is from Mr. Woodward, of St. Louis, to J. N. Harris, esq., New London, Conn., General Wholesale Agent for our PAIN KILLER.

Mr. Woodward is a resident of St. Louis, a gentleman of high respectability, and during the prevalence of the cholera in that city has watched the result of the application of our Pain Killer for this disease, and his testimony can be relied on with the utmost confidence.

PERRY DAVIS & SONS. PERRY DAVIS & SONS.

tion of our Pain Killer for this disease, and his testimony can be relied on with the utmost confidence.

J. N. Harris, esq.—Dear Sir: You will recollect when I saw you in New London, in January last, my expressing to you my most sanguine expectations that Davis's Pain Killer would have a tremendous sale in the West this season, and my anticipations have been more than realized, and the testimony of thousands who have used it has been, that they would not be willing to go to bed at night without it in the house.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer as a remedy, that many who purchased it remarked to me that they had no fears or dread of the cholera as long as they had the Pain Killer by them, and hundreds took it daily as a preventive, for no person can have a derangement of the bowels or diarrhoes if they use this medicine daily. This was the security and confidence of hundreds acquainted with it, and when their friends were attacked with the cholera, they would administer this remedy in large quantities internally, and also externally, by bathing and rubbing them with it; and in every case where it has been taken in any of the first stages of this disease it has proved successful. I consider it an infallible remedy. I have not heard of an individual in any family who used the Pain Killer when attacked, but speedily recovered.

Captain Broadwell, of the steamer Atlantic, a New Orleans packet, informed me that, on one of his trips up the river to this city, there were upward of seventy cases of cholera on board, and the Pain Killer was used with complete and triumphant success.

The Clerk informed me that he had administered it to persons when cold and in the cramps, and it gave immediate relief; but still it should be given quickly, for when the discharge of "rice water" has begun, the hope of life has fled. Should this disease make its appearance among you, as in all probability it will, be not alarmed; you and all others there have the remedy, and I am co

the Pain Killer is used, not a death by choice a will occur
in your city.

If the cholera comes among you watch its progress and
the remedy use, and, mark my words, the family who
uses the Pain Killer daily will have no diarrhea, no disarrangement of the bowels, and consequently no cholera.
If those who are attacked will use the Pain Killer early
and thoroughly, they will be saved. This has been the
experience of hundreds in this city during the ravages of
this dreadful disease.

I have not been able to supply one-fourth of the demand. I have received orders from persons begging me
to send them some.

Now, for your own sake, for my sake, and for the sake of suffering thousands, make some arrangements that your agents can be supplied. Increase your manufacture, do something that a suffering world may be relieved from pain, for the time will come when not a family on his continent will be willing to do without it a single lay. Respectfully yours. lay. Respectfully yours, A. T. WOODWARD.

Amherst College, Dec. 25, 1848.

Mr. Robert Sears—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HITCHCOCK. *The works alluded to as having been examined and recommended, are as follows: A new and popular Pictorial Description of the United States, Pictorial History of the American Revolution, Scenes and Sketches of Continental Europe, Description of Great Britain and Ireland, Pictorial Family Annual, Treasury of Knowledge, Information for the People, The Family Instructor, Pictorial Sunday Book, Bible Biography, Bible History, and second series of The Wonders of the World.
